Teves & The Geula

The Rebbe explains (Dvar Malchus "Vayechi" Nun Beis) that the month of Teves is the tenth month counting from Nissan, and the number 10 is connected to the Geula: "the 10th cow" (Red Heifer), "The 10th Song", the expansion of Israel to include 10 lands, etc.

Furthermore, it was regarding this month that the sages said: "the month in which the body warms another body": meaning that the Almighty has pleasure from the holiness of a Jewish body. This idea will be revealed at the Complete Geula.

Since the siege of Jerusalem began in this month, there is a greater potential for the beginning and completion of the Geula.

"HaYom Yom" - 12 of Teves The Bottom Line is:
Lubavitcher! Put your logic aside!

The Rebbe Rashab said that even those blessed with high intelligence should put their logic to the side... **"The main thing... in the time before Moshiach, is not to follow the mind, logic and understanding, but to uphold the Torah and Mitzvos with earnestness and a simple belief in the G-d of Israel"**.

Simply put: every Lubavitcher should prepare for Kiddush Levonoh with joy and with a Shturem "without checking the weather forecast". Thus, with Temimus! For so the Rebbe Shlita commands! **And G-d willing, we shall do this and succeed!**
